# Purpose & Need

## 23rd St, Columbus

NH-30-5(134); C.N. 32234

The purpose of the proposed project is to preserve the US-30 transportation asset, improve the reliability of the transportation system, and perpetuate the mobility of the traveling public. The need for the project is based on the condition of the existing roadway.

# Alternate Routes Map

## 23rd St, Columbus

NH-30-5(134); C.N. 32234

**US-30/23rd St will remain open during construction.** Two alternate routes will be signed to help ease traffic congestion and delays through the construction segments.

- US-30 Alternate Route 1 will utilize 48th Ave, Lost Creek Parkway, and E 6th Ave to the north.
- US-30 Alternate Route 2 will utilize 8th St and 3rd Ave to the south.
